About Us

In 2018 Spitfire Paintball & Go Karts developed Sydney's most advanced Racing Simulator Centre. Housed in our Air Conditioned, custom built Simulator Racing Room, we have worked hard to develop a unique Racing experience with a fleet of Full Motion Racing Simulators as well as 2 full sized replica Formula Race cars.

Our focus moving forward is to create a unique experience for Corporate and Party events as well as catering to those with a keen interest in Motor Sport by providing an affordable and realistic training environment with a fun and friendly atmosphere.

OUR FULL MOTION RACING SIMULATORS

Our Professional Full Motion Racing Sims are ultra realistic and hugely entertaining, they include;

- Quad Large Screen HD Display,
- Integrated 2.1 Dolby Sound,
- Force Feedback Steering Wheel,
- Challenger Pedals,
- Sequential Shifter,
- Sparco Style Racing Seat,
- Adjustable Seat.

OUR FULL SIZE FORMULA RACING SIMS

Our 2 Full Size Formula Racing Sims are custom built and the only ones of their kind in Australia. Feature a huge 4.5 meter, dual projector curved display and 5.2 Dolby Surround Sound - the experience and realism has never been as intense or all-encompassing. Slide into the Racing Seat, look down the long bonnet and racing wheels, grab hold of the Force Feedback Steering wheels as you power around Albert Park or Monaco in your own Open Wheel Racing experience.

GAMING

All our Racing Sims utilize the latest in Sim Management Software as well as Racing Games and Software. Regularly updated with new programs and plugins we work hard to keep things current and to the highest possible standards. With a range of Tracks throughout Australia and around the world, including Sydney Motorsport Park, Barbagello Raceway, Wakefield Park, Albert Park, Mount Panorama through to Monaco, Barcelona and the list goes on. Our Racing Cars include Production cars from BMW to Maserati and racing cars from the Toyota 86, V8 Supercars, GT3 Racers and various Open Wheel Racers.

RACE SIMULATOR MEMBERSHIP PACKAGE

Our simulator packages have been developed with the Motorsport Fan and Racer in mind. Designed to provide an extremely affordable experience, our packages have been developed to help create an accessible, helpful and welcoming environment.
